Matters of Grey

Happy holidays and thank you for checking out Matter of Greys Second Annual Star Wars Snowflakes. We've redesigned all of our favorites from last year, Boba Fett, a Stormtrooper, Darth Vader, and have added 14 more just for you!

In this eBook you will find 19 of the most awesomest Star Wars Snowflakes on the Internet today! Print the template, cut carefully, and show them off to your friends. If you are a teacher, you can even print them out for all the kids. If you are geek, like us, you can print them out and hang them in your office. And, if you have the time, take a picture and send it to us!

We want to take this time to thank each and everyone of you who have made Matters of Grey what it is today. We are just a bunch of tech geeks from San Diego who write about geeky things, Star Wars stuff, technology, social media, web design, web technologies, etc. We reach out to cool startups and companies who are willing to give us free swag that we can pass on to our fans. We keep you up to date with all Foursquare related badges so that you don't have too. We do all this because we love it. This isn't about money. It's who we are.

The point, we love you and our fans. If you were generous enough to donate for these templates, thank you! If you weren't, we still love you. All donations help keep the lights on.

Thank you again for all your support!
